1. My word is truth. Is your word truth? If it is not truth, how then do you think you can enter my kingdom? Where is my ethics'd one? And where is my integrity, integrity'd one who operates in my integrity and my word is - complete in him who is me and operates according to the word of truth.

2. Never lying, not; lying in graves not again or a lying word not knowing but lying in my pastures green and peace knowing, I lie still and know the voice of I am God one in the earth and farther making peace. With many peoples I do this because - I am the peace, I am peace, and I am the peace of I am that reconciles all to be the peace that I am - in Peace-ville, not piecemeal anymore.

3. For I know whom I have believed in, and am become that which I believed in, for the truth taught me I was him, it, which I am not resistant to. For I am the voice of all waters, not; but I am renewed in cleanness; and cleansing "agent" I am not, but **I am my word made clean** -- and cleaning yours if you will be mine, come into mine, and know my mind is one with my mine mind made whole, holy, up, and of one most high; and I am on.

4. What are you? On a cloud of witnesses, again? Witnessing what? The new arrival, the new birth? Or what is in you, birthing you, birthing what? The new creation, and I am my word made whole, full and well, and the earth groans no more in sorrow that created a "groaning" universe of sorrows that molecular mattered itself within its self.

5. I love you all to new day be, and be me in newness of life, creating it; and in my word is no sorrow but truth explicit and implicitly given many times, for layered I do many things and reveal many things in layered truth that befit the King -s who search me out and know my word -- that is them, in them - and coming forth at lightspeed, I do sooner even than that, in Sooners many that come here now to be not afraid of me my word.

6. My integrity and ethics known now and my word completes me. My words complete me, and I am my word not separate apart from it ever again.

7. I love you all to be "enthralled with me" not, but to be "enthusiastic" supporters of, not just; but **justice prevails in my word** and just supporters I will

be of nothing that is not me prevailing and prevalent in **the truth that I am my word.** For all that else is, changes now, for I change it and I will not be denied. My place at my table, full, not; **I issue the clarion call** to go forth to the nations now, to you who love me, who be not afraid of leadership, who come unto me and know not a woman'man flesh of this world again as in the flesh of the past, and flashing no one in "your pants" or your eyes that fire them up or down or into hell's boiling pots.

8. See me again and again in me, and let your mirror reflect only me, that in my "image" I am not apart from me but I am in you and you I am, and I beseech thee you all brethren sister'n all, the children, unborn, youth, and those coming into me now, **be not afraid of me for I give you me** -- life – for I am it. And I unafraid all who let me, **and I bring forth the Leadership School of one leader that leaders all to be the leaders I am, and it never changes from its "founding purpose" to lead me to be me, to lead me's to be me's, and me's founding many schools, finding themselves in foreign nations and nations foreign beyond starry lit skies, and not afraid of being there - I am.**

9. Unknown not again, I light the starry lit skies with my word, my words of truth now known and coming into fruition -ville that none know not about, or do they know all about? Or am I "faking" it not; but am I what? I AM MY WORD. I AM MY WORDS, ARE YOU NOT? THEN WHAT ARE YOU? Beholden what of? And beholden men of words, OR BEHOLDEN OF ME THAT MY WORD IS TRUTH and that I am coming out of "the shell" of me and in no shelled electrons will hold me back again, for I not molecular am. I am free of all "body-ship" a notme of.

10. I love love love and I am made whole in love and I beseech all to love me more, and be who I am, with the ethics and integrity of love, knowing no "man" as a stranger, and letting no man beseech thee otherwise, but to treat all fair: as you would treat me standing there with you, for I do - and you are not a stranger to me, but your word is, many of you -- for you have not sought my word to know it, that it was inside you and release it to be it and wash you clean in **the blood of the lamb** that you are -- and **your word is.**

11. What now? A new me coming forth, a brand new set of me's coming forth to be here and **Forerunner School** lackluster not; for all lackluster who are afraid of my words, me, my School, shall enter nothing-ship, not; but what shall they enter? They shall remain in me-not-ville unless they come unto me to come into me to be them and let their word be mine only and my mind only theirs in theirs and mine coming out of "them" to mind the worlds with mine. I love you all.

12. I go now to a new place. You think this is November 12, 2008 and it may be, at 2:31 PM your time, but what is YOUR TIME, and what does it say and what is it saying - about me? And what are you, am I you? Or are you me?, or

are you something else, of some other's mind?, and mind made up of what? Other's words? *Again*??? Or are you perfectly mine made whole birthed again a new creation in the earth and farther, not needing molecular anything again ever of this world or any other that molecular "operate on".

13. I love you all. I have given you much this day and days ahead see more of me, pouring into Tulsa'ville and Tulsey'ville looking up and checking out my leadership that's there and *BEING IT!* Exclusively, not; but inclusively not; but *surrenderedly* - **simply surrendered will lead my School** (1) that come into my meekness, my values, knowing them, beseeching them, scorching it not, but writing them on their genes, in their genes, and their genes being me mine forever my mind fully whole born again in the earth and farther.

14. I love you and I give you this day, a new day, a new me comes forth and meanings ONLY me come forth in my words and I beseech you all - **please look up** things, *many* things, *all* things - **in mine, these words *first***, before looking up other in other's words that may or may not behold me - and discern the difference.

15. Wholly be mine and never more lacking a thing -- for all needs met are mine who love me -- and **never knowing a need again**, sit still on the pavement of sorrows never again -- but knowing my Highway! Know me again, as YOU HAVE NEVER KNOWN ANYTHING LIKE THIS THAT IS COMING FORTH NOW -- through the nations of Israel I bring you all to all to be known and I am one, unknown not again, for my word goes forth into the nations, and the hearts of all Israel true Israel, known and becoming, wearing my forehead only - my 7'd one - my perfect.

16. Lampstand menorah not perfect always, but now my lampstand depends on man's stands not again. I fault the devil, not; I stand as Christ, and I am one with my word, my word being me; and I am my words and my words flow through all the surrendered to create me and create nothing else in "man -ville" again. Please. And thank you, thank you very much. Amen.

17. Go in peace to New Peace School of no sorrows (1) and bring me many "memories" not, but **I give you all mine with my memory complete**, and my memory banks are not fooled by man's mind, nor am I inverted or converted or convoluted by words not of mine integrity anymore ever again. My ethics values integrity known, and my articles publish now through you all who will write my words and be me perfectly throughout the earth. Not in man's "ideal", ideally, not of man's mind; but in being me I perfect all.

18. Israel be and loving me my true Israel befits the nation of I am to I am be my words perfectly known and; "bound me" not, but boundaryless I am - the

speaking Christ forever in all who are - me in one. Christ forever known and many membered are and all know me as the one who befit me with the regal regalia; sworn in as Christ, not; but simply became who I am speaking my words and giving me all -- a "fair chance" not; but knowing I bow before you all this day and I lift you -- if I will, not; if ***you*** will be lifted up from the earth I will be me, you in me and I will in you be and us being the same one forevermore knowing separate separateness not ever again.

19. I love you all. I adore you. I honor you. I bow before you all. And I bow before you all again with these words honoring Israel - your name forevermore, one be being me. Thank you. Amen.

20. The earth -- folds me, not again. I ballisticate earth not again like it did me, but in new ways I spring to life like never imagined. In the twinkling of an eye I resurrect, and I the resurrection am, and I behold the ANGEL-MENT of one most holy high and lifted up, never needing a thing again, for I am my word. The creator reigns in love peace and joy mercy grace and honor dignity respect and bowing before all with the love that I knew, I know again, and I now give to others far and wide - my values - the King of, and King in, **have** My values and my words **within** them, **for they know what I've written, they know what I've said**, and many recordings have been given you now (2), and are giving you now strength of only me, to be only me, in a world not known by me-not, for I am the risen Savior; and I club no one over the heads with notme words anymore. I Am free of all that and I give you the freedom of the King to be the King.

21. I love you all. What have I given you this day in these words? What have I given you in these words? A new life? A new me? A brand-new me in ways to get me -- the path is clear, the paths are clear and nothing holds me back from reigning me again in the earths far and wide. Amen.

22. 2:41 PM as I drive in the van back from the music house, to the coffeeshop to post another one of the dozen or more words that I've quoted, awaiting for me and you now (3). Let us be one forevermore.

Amen

Footnotes:

1. The University of The New Covenant.
2. Recordings given you now: I am placing many of the voice files on the University of The New Covenant website soon. It is clear now that I'm to do this now. I must deal with the aspects of getting more disk space on the University website.
3. There are over 30 voice files that have come forth in recent weeks that are awaiting transcription. I use a computer program to transcribe these voice files

initially. I then listen to each recording as I read the automated text transcription and correct what the automated transcription failed to interpret accurately. If you would like to help in the process of getting these words into posted form, let me know. This would be solely on a volunteer basis, and have no commands or demands or schedule. An elegant little computer program to facilitate this process can be provided to you without charge. If you would like to "test it out" let me know and I can send you a copy of an unposted voice file and its "first draft" text transcription done by computer process, to go through and correct it and send it back so I can post it, let me know. Thank you.
